

Instructions to obtain Matlab

1. Go to <https://www.mathworks.com/>
2. Click the 'Get MATLAB' button located in the upper right corner of the page.

3. Click 'Check for access', located under 'Get Campus Software'.

4. Under the 'University' heading, type 'William & Mary' and enter your W&M email address. Click 'submit'.

Academia

Campus-Wide License

See if your school has a MATLAB campus license

The Campus-Wide License offers an effective way for students, faculty, and researchers to get access to a comprehensive set of MATLAB and Simulink products. To find out if your school is covered under a Campus-Wide License, complete the form below.

*** Indicates required information**

Information

*** University**

Enter the official name.

*** Email**

Use your official university email address, which is required for license verification.

Submit

5. Mathworks will send download instructions to your W&M email address.
