

Minitab Cloud usage and download Instructions

The latest version of Minitab can be accessed through the web interface. A standalone version is available for Windows (64 bit) platforms **only**. Most users use the cloud/online version as it easier to access from various locations and does not require installation on a specific computer. After setting up your account with Minitab, you only need to sign in and you are ready to use the software.

Here are a few steps that give you access to Minitab:

1. Go to <https://app.minitab.com>
2. Enter your W&M email address
3. Click Next

The screenshot shows the Minitab web interface for signing in. At the top, the Minitab logo is displayed. Below it, the "Sign In" form is visible. The form includes an "Email" field containing "andresmith01@wm.edu", a "Keep me signed in" checkbox (unchecked), and a "Forgot Password?" link. A blue "Next" button is at the bottom of the form. A red callout box with the number "1" points to the URL "https://app.minitab.com" at the top. Another red callout box with the number "2" points to the email field. A third red callout box with the number "3" points to the "Next" button. Below the form, there is a link for "Don't have an account?
