

MATLAB for William & Mary

William & Mary has a Campus-Wide License for MATLAB, Simulink, and add-on products. Faculty, researchers, and students may use these products for teaching, research, and learning. The license allows individuals to install the products on university-owned equipment, as well as personally owned computers.

About MATLAB and Simulink

MATLAB, the language of technical computing, is a programming environment for algorithm development, data analysis, visualization, and numeric computation. Simulink is a graphical environment for simulation and Model-Based Design of multidomain dynamic and embedded systems. MathWorks produces nearly 100 additional products for specialized tasks such as data analysis and image processing.

Get Access through: [William & Mary's MATLAB Portal](#)

End Users Instructions

End User: Download the Installer

1. Go to our [MATLAB Portal](#). Select '**Sign in to get started**' under the **Get MATLAB and Simulink** section.
2. Sign in with your William & Mary CAS ID
3. Sign in or create a new MathWorks Account. You must use your university email address to get access to the software.
4. Click the **download** button for the current release. (Users can also download previous releases here).
5. Choose a supported platform and download the installer.

End User: Install and Activate

1. Run the **installer**.
2. In the installer, **select Log in with a MathWorks Account** and follow the online instructions.
3. When prompted to do so, select the **Academic – Total Headcount** license labeled **Individual**.
4. Select the products you want to download and install.
5. After downloading and installing your products, keep the **Activate MATLAB** checkbox selected and click **Next**.
6. Follow the prompts to activate MATLAB.

Getting Started: Learn About Capabilities and Using the Software

- [MATLAB Onramp](#) – Learn MATLAB in just 2 hours
- [MATLAB Academic Online Training Suite](#)– Interactive self-paced online courses
- [MATLAB Online](#) – Instant access to MATLAB from a web browser
- [MATLAB Mobile](#)- Evaluate MATLAB commands, create and edit files, visualize data, and view results – all from your iPhone, iPad, or Android device.
- [Videos and Webinars](#) – Search for videos by application or product to learn about the vast capabilities and uses of MATLAB & Simulink
- [MATLAB Examples](#) – A collection of free and reusable code plus examples on how to use MATLAB & Simulink
- [MATLAB Grader](#) – Automatically grade MATLAB code and run your problems in any learning environment
